

Cape May Technical High School Summer Assignment 2024-25 Directions

Course	Honors Pre-Calculus	Teacher	M. Craig
Email	mcraig@capemaytech.com	Due Date	9/8/2025
Topic	Algebra II Prerequisite Skills		
Purpose	The purpose of the summer review packet is to provide students an opportunity to stay engaged in mathematics over the summer and reinforce the necessary skills for the upcoming school year. The PreCalculus course prepares students for Calculus and college science courses. In order to accomplish this, the course is taught at a significantly faster pace than Algebra 2, and students often find it difficult to adjust. You will need to spend time this summer practicing and reviewing the Algebra 1 and 2 topics in this packet!		
Brief Description & Directions	<p>Below is a list of 2 assignments that should be completed before the start of school.</p> <p>1) Complete the Summer Assignment below. I suggest completing 4-5 problems a day. There will be an assessment on these concepts the first week of school.</p> <p>2) Read through the "Pre-Calculus Survival Guide" to prepare yourself for a successful year!</p>		
How it will be graded	This summer assignment is meant to sharpen your prerequisite skills to be successful in Honors Precalculus, and should be completed by the first day of school. During the first week of school, there will be an assessment on these concepts.
